Kansas City, MO 64126

Dear Matt:

We did it! The power never failed and we had our best ever gala at the Truman Library. The weather, the décor, the food, the entertainment and the attention to detail provided a perfect evening for our 700 guests.

The Gala presents the Foundation as no other activity can. The visual impact speaks volumes about who we are and gives us the opportunity to showcase what we do and who we do it for. We impressed many people who had no or little knowledge about us.

Matt, thank you for making arrangements for the 2 large generators that provided the main power support for our gala. Your companies' generous contribution made a huge impact on the success of this event.

I have enclosed a printed program since you were not able to join us that evening. I hope we have an opportunity to work together again.

Sincerely,

Elizabeth A. McClure
Program and Donor Relations Officer
